An Educator's Classroom Guide to America's Religious Beliefs and Practices By Benjamin J. Hubbard, John T. Hatfield, James A. Santucci

Today, with all of the controversies surrounding religion in the schools and in the public sphere, it would seem more important than ever that teachers and librarians have a quick source of up-to-date, correct, unbiased information to give to patrons and students. The authors of this book (all are or have been professors of religion at various well known universities) offer just that. The book is arranged to cover most all of the known (and little known) religions in America.

Today, with all of the controversies surrounding religion in the schools and in the public sphere, it would seem more important than ever that teachers and librarians have a quick source of up-to-date, correct, unbiased information to give to patrons and students. The authors of this book (all are or have been professors of religion at various well-known universities) offer just that. The book is arranged to cover most of the known (and little-known) religions in America. Each section includes: Origins, Beliefs, Sacred Book/Scriptures, Practices, Main Subgroups, Common Misunderstandings and Stereotypes, Classroom Concerns, Population Data, and Further Readings. Though there are many guides to religions, this book has the unique advantage of looking at each religion as it may affect the classroom and other student groups and activities.

Editorial Review

Review

"This book is highly recommended to schools and school districts for both the wealth of information about religions and religious beliefs and the practical guidelines, which support educators as they go about their daily responsibilities of teaching students." - **American Reference Books Annual**

"The authors' primary purpose in creating this helpful resource is to supply the public school teacher with accurate, at-a-glance information about religious beliefs in North America. . . . This book does an exemplary job of combining correct, impartial information from authoritative sources with much-welcomed brevity." - **VOYA**

"Hubbard, a school administrator, and Jon T. Hatfield and James A. Santucci, who are not further identified, set out fundamentals of behavior typical or expected of people from various religious backgrounds to help classroom teachers avoid discourteous or offensive behavior of their own. The 1997 first edition is here expanded with chapters on four additional traditions, and revised to make the resource more useful in elementary as well as secondary schools." - **Reference & Research Book News**

About the Author

Benjamin J. Hubbard, PhD, is professor emeritus of comparative religion at California State University, Fullerton where he was department chair for 15 years. He has been a frequent contributor on religion-related issues to the Los Angeles Times/Orange County and the Orange County Register. His specialties include Judaic studies, the interfaith movement, and religion and media studies.

John T. Hatfield, PhD, is professor emeritus of Ethnic and Women's Studies at California State Polytechnic University, Pomona. He is a past president of the American Academy of Religion's Western Region and of the Far Western Philosophy of Religion Society. His special interests include Native American religion, and religion and public education.

James A. Santucci, PhD, is professor and chair of the Department of Comparative Religion, California State University, Fullerton. For nearly 20 years he has edited the journal Theosophical History. He is an expert on Theosophy and other non-traditional religious movements, as well as the religions of South Asia (Hinduism, Buddhism and Jainism).

Users Review

From reader reviews:

Joseph Asher:

What do you think of book? It is just for students because they are still students or the item for all people in the world, exactly what the best subject for that? Only you can be answered for that problem above. Every person has various personality and hobby for every other. Don't to be pushed someone or something that they

don't need do that. You must know how great along with important the book An Educator's Classroom Guide to America's Religious Beliefs and Practices. All type of book are you able to see on many solutions. You can look for the internet solutions or other social media.

Robert Hatch:

Reading a reserve tends to be new life style in this particular era globalization. With reading you can get a lot of information that will give you benefit in your life. Together with book everyone in this world can share their idea. Guides can also inspire a lot of people. A lot of author can inspire their own reader with their story or even their experience. Not only the storyplot that share in the books. But also they write about advantage about something that you need case in point. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that exist now. The authors nowadays always try to improve their expertise in writing, they also doing some analysis before they write for their book. One of them is this An Educator's Classroom Guide to America's Religious Beliefs and Practices.

Brian Smith:

The reason why? Because this An Educator's Classroom Guide to America's Religious Beliefs and Practices is an unordinary book that the inside of the reserve waiting for you to snap this but latter it will shock you with the secret the item inside. Reading this book close to it was fantastic author who else write the book in such remarkable way makes the content on the inside easier to understand, entertaining means but still convey the meaning entirely. So , it is good for you because of not hesitating having this any more or you going to regret it. This amazing book will give you a lot of gains than the other book have such as help improving your expertise and your critical thinking method. So , still want to hold off having that book? If I were being you I will go to the book store hurriedly.

Anthony Lainez:

Do you like reading a book? Confuse to looking for your chosen book? Or your book seemed to be rare? Why so many issue for the book? But almost any people feel that they enjoy with regard to reading. Some people likes studying, not only science book but in addition novel and An Educator's Classroom Guide to America's Religious Beliefs and Practices as well as others sources were given understanding for you. After you know how the great a book, you feel desire to read more and more. Science e-book was created for teacher or maybe students especially. Those textbooks are helping them to put their knowledge. In other case, beside science reserve, any other book likes An Educator's Classroom Guide to America's Religious Beliefs and Practices to make your spare time more colorful. Many types of book like here.
