

Essentials of Supply Chain Management, 2nd Edition

By Michael H. Hugos

Essentials of Supply Chain Management, 2nd Edition By Michael H. Hugos

Fully revised and expanded, the Second Edition contains valuable tips, techniques, illustrative real-world examples, exhibits, and best practices. This handy and concise paperback will help you stay up to date on the newest thinking, strategies, developments, and technologies in supply chain management.

"Michael Hugos presents the core concepts and techniques of supply chain management in a clear, concise, and easily readable style for those desiring an introduction to the subject or for those wanting to refine their understanding and application of supply chain issues. The case studies and executive insights are very useful in illustrating how to effectively employ supply chains to enable companies to accomplish their business goals."

-Perry J. Gaid, Vice President of Purchasing, OneSource Facility Services, Inc.

"My company is involved in both manufacturing and distribution. Mr. Hugos's book provides a valuable framework of concepts and techniques that people at all levels of the company can use to organize and improve our supply chain management capabilities and tie them to our business strategy."

-Grant Watkinson, Ph.D., President, Coastwide Laboratories, Inc.

Praise for the First Edition

"An excellent introduction into supply chain management . . . a book you should own and loan out to others frequently."

-Supply Management

"In clear and concise prose, this lean book outlines the most crucial tenets and concepts of supply chain management."

-Supply Chain Management Review

The Wiley Essentials Series-because the business world is always changing...and so should you.

He holds an MBA from Northwestern University's Kellogg School of Management.

Users Review

From reader reviews:

Sybil Moore:

What do you in relation to book? It is not important together with you? Or just adding material when you

want something to explain what yours problem? How about your extra time? Or are you busy individual? If you don't have spare time to complete others business, it is gives you the sense of being bored faster. And you have spare time? What did you do? All people has many questions above. They must answer that question since just their can do that will. It said that about publication. Book is familiar in each person. Yes, it is right. Because start from on guardería until university need this specific Essentials of Supply Chain Management, 2nd Edition to read.

Luis Acosta:

Are you kind of active person, only have 10 or perhaps 15 minute in your morning to upgrading your mind skill or thinking skill actually analytical thinking? Then you are having problem with the book when compared with can satisfy your short space of time to read it because this time you only find guide that need more time to be read. Essentials of Supply Chain Management, 2nd Edition can be your answer mainly because it can be read by anyone who have those short extra time problems.

Theodore Huff:

This Essentials of Supply Chain Management, 2nd Edition is new way for you who has interest to look for some information given it relief your hunger associated with. Getting deeper you onto it getting knowledge more you know or else you who still having little digest in reading this Essentials of Supply Chain Management, 2nd Edition can be the light food for you personally because the information inside this particular book is easy to get by anyone. These books produce itself in the form which can be reachable by anyone, that's why I mean in the e-book type. People who think that in guide form make them feel tired even dizzy this publication is the answer. So there is not any in reading a e-book especially this one. You can find what you are looking for. It should be here for an individual. So , don't miss it! Just read this e-book kind for your better life as well as knowledge.

Cassandra Sanderson:

Do you like reading a reserve? Confuse to looking for your selected book? Or your book was rare? Why so many issue for the book? But almost any people feel that they enjoy to get reading. Some people likes reading through, not only science book and also novel and Essentials of Supply Chain Management, 2nd Edition or perhaps others sources were given expertise for you. After you know how the great a book, you feel need to read more and more. Science e-book was created for teacher or students especially. Those ebooks are helping them to put their knowledge. In various other case, beside science book, any other book likes Essentials of Supply Chain Management, 2nd Edition to make your spare time considerably more colorful. Many types of book like here.
