### **Editorial Review**

#### About the Author

**Kenneth C. Laudon** is a Professor of Information Systems at New York University's Stern School of Business. He holds a B.A. in Economics from Stanford and a Ph.D. from Columbia University. He has authored twelve books dealing with electronic commerce, information systems, organizations, and society. Professor Laudon has also written over forty articles concerned with the social, organizational, and management impacts of information systems, privacy, ethics, and multimedia technology.

Professor Laudon's current research is on the planning and management of large-scale information systems and multimedia information technology. He has received grants from the National Science Foundation to study the evolution of national information systems at the Social Security Administration, the IRS, and the FBI. Ken's research focuses on enterprise system implementation, computer-related organizational and occupational changes in large organizations, changes in management ideology, changes in public policy, and understanding productivity change in the knowledge sector.

Ken Laudon has testified as an expert before the United States Congress. He has been a researcher and consultant to the Office of Technology Assessment (United States Congress), Department of Homeland Security, and to the Office of the President, several executive branch agencies, and Congressional Committees. Professor Laudon also acts as an in-house educator for several consulting firms and as a consultant on systems planning and strategy to several Fortune 500 firms.

At NYU's Stern School of Business, Ken Laudon teaches courses on Managing the Digital Firm, Information Technology and Corporate Strategy, Professional Responsibility (Ethics), and Electronic Commerce and Digital Markets. Ken Laudon's hobby is sailing.

**Jane Price Laudon** is a management consultant in the information systems area and the author of seven books. Her special interests include systems analysis, data management, MIS auditing, software evaluation, and teaching business professionals how to design and use information systems.

Jane received her Ph.D. from Columbia University, her M.A. from Harvard University, and her B.A. from Barnard College. She has taught at Columbia University and the New York University Graduate School of Business. She maintains a lifelong interest in Oriental languages and civilizations.

### **Users Review**

#### **From reader reviews:**

#### **Sarah Fernandez:**

What do you about book? It is not important together with you? Or just adding material when you require something to explain what the ones you have problem? How about your time? Or are you busy man? If you don't have spare time to do others business, it is give you a sense of feeling bored faster. And you have free time? What did you do? Everyone has many questions above. They need to answer that question because just

their can do that. It said that about guide. Book is familiar on every person. Yes, it is correct. Because start from on jardín de infancia until university need this particular Management Information Systems: Managing the Digital Firm (14th Edition) to read.

**Steven Campbell:**

In this 21st one hundred year, people become competitive in each way. By being competitive today, people have do something to make these survives, being in the middle of often the crowded place and notice by simply surrounding. One thing that often many people have underestimated that for a while is reading. Sure, by reading a guide your ability to survive boost then having chance to stand than other is high. For yourself who want to start reading some sort of book, we give you this kind of Management Information Systems: Managing the Digital Firm (14th Edition) book as beginner and daily reading e-book. Why, because this book is greater than just a book.

**Maria Abel:**

Does one one of the book lovers? If so, do you ever feeling doubt while you are in the book store? Try and pick one book that you find out the inside because don't evaluate book by its protect may doesn't work is difficult job because you are scared that the inside maybe not seeing that fantastic as in the outside search likes. Maybe you answer could be Management Information Systems: Managing the Digital Firm (14th Edition) why because the excellent cover that make you consider regarding the content will not disappoint you actually. The inside or content is usually fantastic as the outside or cover. Your reading 6th sense will directly direct you to pick up this book.

**Randy Mosley:**

What is your hobby? Have you heard in which question when you got college students? We believe that that problem was given by teacher to the students. Many kinds of hobby, Everybody has different hobby. Therefore you know that little person just like reading or as studying become their hobby. You should know that reading is very important in addition to book as to be the thing. Book is important thing to provide you knowledge, except your personal teacher or lecturer. You discover good news or update regarding something by book. Amount types of books that can you go onto be your object. One of them are these claims Management Information Systems: Managing the Digital Firm (14th Edition).
