CCNA: Cisco Certified Network Associate: Fast Pass By Todd Lammlé

Organized by exam objectives, this is a focused, concise review guide that works hand-in-hand with any learning tool, including the Sybex CCNA: Cisco Certified Network Associate Study Guide, 6th and Deluxe editions.

The book will consist of four high-level chapters, each mapping to the four main Domains of the exam skill-set. The book will drill down into the specifics of the exam, covering the following:

- Designing Cisco internetworks
- Developing an access list
- Evaluating TCP/IP communication
- Configuring routers and switches
- Configuring IP addresses, subnet masks, and gateway addresses
- Performing LAN, VLAN, and WAN troubleshooting
- Understanding rules for packet control

The interactive CD contains two bonus exams, handy flashcard questions, and a searchable PDF of a Glossary of Terms.

Users Review

From reader reviews:

John Ashcraft:

What do you think about book? It is just for students since they are still students or that for all people in the world, what the best subject for that? Only you can be answered for that issue above. Every person has various personality and hobby for every single other. Don't to be forced someone or something that they don't want do that. You must know how great in addition to important the book CCNA: Cisco Certified Network Associate: Fast Pass. All type of book are you able to see on many methods. You can look for the internet resources or other social media.

Evelyn Nay:

Reading can be called a head hangout, why? Because if you find yourself reading a book mainly a book entitled CCNA: Cisco Certified Network Associate: Fast Pass your brain will drift away through every dimension, wandering in each aspect that maybe not known for but surely can become your mind friends. Imaging each and every word written in a publication then become one form conclusion and explanation that maybe you never get ahead of. The CCNA: Cisco Certified Network Associate: Fast Pass giving you another experience more than blown away your thoughts but also giving you useful information for your better life in this particular era. So now let us demonstrate the relaxing pattern is your body and mind will probably be pleased when you are finished examining it, like winning a sport. Do you want to try this extraordinary investing spare time activity?

Roy Hanson:

Your reading sixth sense will not betray an individual, why because this CCNA: Cisco Certified Network Associate: Fast Pass book written by well-known writer who really knows well how to make a book that could be understood by anyone who also reads the book. Written with good manner for you, dripping every idea and creating skill only for eliminate your own hunger then you still skepticism CCNA: Cisco Certified Network Associate: Fast Pass as good book not merely by the cover but also through the content. This is one reserve that can break don't evaluate book by its include, so do you still needing another sixth sense to pick this kind of!? Oh come on your reading through sixth sense already told you so why you have to listening to yet another sixth sense.

Nancy Royals:

That e-book can make you to feel relax. This particular book CCNA: Cisco Certified Network Associate: Fast Pass was colourful and of course has pictures around. As we know that book CCNA: Cisco Certified Network Associate: Fast Pass has many kinds or style. Start from kids until young adults. For example Naruto or Private investigator Conan you can read and feel that you are the character on there. So, not at all of book usually are make you bored, any it offers up you feel happy, fun and chill out. Try to choose the best book for you and try to like reading which.
