Contemporary Ethnic Geographies in America From Brand: Rowman Littlefield Publishers

Ethnic diversity has marked the United States from its inception. From the migration of the ancestors of Native Americans to the increasingly diverse immigrant populations arriving today, it is impossible to separate ethnicity from an understanding of the United States as a country and "Americans" as a people. At an ever-increasing pace, America today is experiencing watershed changes in its social, cultural, and ethnic/racial geographies.

Considering the impact of these transformations, this unique text examines the experiences of a range of ethnic groups in both historical and contemporary context. It begins by laying out a comprehensive conceptual framework that integrates immigration theory; globalization; transnational community formation; and urban, cultural, and economic geography. The contributors then present a rich set of case studies of key ethnic and racial communities—including those of long-standing significance such as Native Americans, African Americans, and Mexican Americans, along with the Latin American and Asian groups that make up the vast majority of newer immigrants.

Each case offers a brief historical overview of the group's immigration experience and settlement patterns and discusses its contemporary dynamics. All of these people have transformed—and been transformed by—the places in which they have settled. Exploring these changing communities, places, and landscapes, this book offers a nuanced understanding of the evolution of America's contemporary ethnic geographies.

Contributions by: Christopher A. Airriess, Daniel D. Arreola, Kate A. Berry, Thomas D. Boswell, Elizabeth Chacko, Brian J. Godfrey, Zoltán Grossman, Michael Hawkins, Terry-Ann Jones, Wei Li, Ines M. Miyares, L. HoMana Pawiki, Marie Price, Michael Reibel, Dana G. Reimer, Emily Skop, James A. Tyner, Milton Vickerman, and Bobby M. Wilson

Editorial Review

Review

This volume will be extremely useful to those dealing with border studies, urban studies, urban planning, cultural diversity, geography of the United States, ethnic gateway communities, transnational communities, cultural networks, and conflict immigrants. (Sarah Osgood Brooks *Professional Geographer*)

Contemporary Ethnic Geographies in America provides an academic audience with a rich and varied set of case studies framed by contemporary theoretical and historical perspectives in one accessible text. This book would serve as a welcome addition to both undergraduate and graduate courses in multiple disciplines within the social sciences. (*Ethnic and Racial Studies*)

Impressive. . . . This unique volume provides a very useful assessment of the ethnic landscape of the U.S. utilizing the concepts of social and human geography, nicely supplementing the bulk of existing work on the contemporary immigrant U.S., which is primarily written by social scientists from other disciplines. Highly recommended. (*CHOICE*)

About the Author

Ines M. Miyares is professor of geography at Hunter College, CUNY, and executive director of the Conference of Latin Americanist Geographers. **Christopher A. Airriess** is professor of geography at Ball State University.
