Home: Hidden Book Three (Volume 3) By Colleen Vanderlinden

Vigilante. Telepath. Godslayer. The Angel. Molly Brooks has never been one to shy away from a fight, to hide from what needs to be done to protect the innocent. Even when it ends up costing her everything. *** Molly was beginning to have the type of life she'd only ever dreamed of: friends, family, rewarding work. Respect. Love. And her actions put her world, and every person she loved, in danger. So she did what she had to do: she protected her world from war. A war she caused, a war fought because of who she is, and what she is capable of. She never could have imagined that in doing so, she would be taken away from everything that mattered most to her. Lost in a hostile world, away from everyone and everything that ever mattered to her, Molly has to find a way to make peace, and then she has to find a way make her way back home. Assuming she can survive that long. When and if she gets there, will the world she loves still be the same? And the bigger question is: will she?
