A Veterinary Technician's Guide to Exotic Animal Care, Second Edition By Thomas N. Tully Jr. DVM MS DABVP (Avian) DECZM (Avian), Mark A. Mitchell DVM MS PhD DECZM (Herpetology)

More people are choosing exotics as pets than ever before, and they're looking for quality care. Meet their needs and add an additional source of revenue for your practice by ensuring your staff is familiar with these unique patients and is properly educated about their care. This fully updated and expanded edition, authored by leading experts on exotic care, provides technicians with the knowledge necessary to perform essential functions like proper handling, restraint, diagnostic testing and surgical and anesthetic assistance. It is also a valuable resource for veterinarians who want to begin treating exotics and need a concise overview. Uniformly organized chapters make finding specific information simple, while the more than 180 images and 40 tables provide detailed and helpful instruction in an easy-to-read format. Species covered include avian, reptiles and amphibians, ferrets, rabbits, rodents, fish, and more. New to this edition: - Updated, detailed, full-color images throughout - New feeding table for critical rabbit patients - New table on therapeutic drugs and dosages for sugar gliders - New and expanded information throughout on husbandry, physical examinations, diagnostic imaging, sexing techniques and more

Editorial Review

Users Review

From reader reviews:

Floyd Alling:

Do you have favorite book? When you have, what is your favorite's book? Guide is very important thing for us to find out everything in the world. Each book has different aim or goal; it means that guide has different type. Some people experience enjoy to spend their a chance to read a book. They can be reading whatever they get because their hobby will be reading a book. What about the person who don't like looking at a book? Sometime, individual feel need book once they found difficult problem or exercise. Well, probably you will require this A Veterinary Technician's Guide to Exotic Animal Care, Second Edition.

Erica Futch:

What do you consider book? It is just for students as they are still students or the item for all people in the world, exactly what the best subject for that? Just simply you can be answered for that concern above. Every person has diverse personality and hobby for every single other. Don't to be pushed someone or something that they don't wish do that. You must know how great as well as important the book A Veterinary Technician's Guide to Exotic Animal Care, Second Edition. All type of book are you able to see on many resources. You can look for the internet resources or other social media.

Bruce Sandlin:

Your reading sixth sense will not betray you, why because this A Veterinary Technician's Guide to Exotic Animal Care, Second Edition guide written by well-known writer whose to say well how to make book that can be understand by anyone who also read the book. Written in good manner for you, leaking every ideas and writing skill only for eliminate your personal hunger then you still doubt A Veterinary Technician's Guide to Exotic Animal Care, Second Edition as good book not merely by the cover but also by the content. This is one publication that can break don't evaluate book by its deal with, so do you still needing another sixth sense to pick this specific!? Oh come on your examining sixth sense already told you so why you have to listening to one more sixth sense.

Beatrice Blakely:

A number of people said that they feel bored when they reading a e-book. They are directly felt the item when they get a half parts of the book. You can choose typically the book A Veterinary Technician's Guide to Exotic Animal Care, Second Edition to make your current reading is interesting. Your skill of reading

proficiency is developing when you like reading. Try to choose very simple book to make you enjoy to see it and mingle the opinion about book and looking at especially. It is to be initially opinion for you to like to available a book and go through it. Beside that the guide A Veterinary Technician's Guide to Exotic Animal Care, Second Edition can to be your new friend when you're truly feel alone and confuse using what must you're doing of these time.
