Draw 50 Flowers, Trees, and Other Plants: The Step-by-Step Way to Draw Orchids, Weeping Willows, Prickly Pears, Pineapples, and Many More... By Lee J. Ames, P. Lee Ames

Targeted at young aspiring artists seeking to develop their technical skill and build a repertoire of subjects, especially those in nature.

Acclaimed author Lee J. Ames shows readers how to draw dozens of plants with a comprehensive, step-by-step approach. His distinctive drawing method has proven to be successful for children and adults alike over the past thirty years, and has shown artists, from the beginner to advanced level, how to draw everything from animals to airplanes. The revised Draw 50 series gives an old favorite an exciting, new look.

Editorial Review

About the Author

LEE J. AMES began his career at Walt Disney Studios and taught at the School of Visual Arts in New York City and at Dowling College on Long Island. He directed his own advertising agency and has illustrated over 150 books, ranging from preschool picture books to postgraduate texts. A prolific author of more than 30 Draw 50 books, Lee Ames died at the age of 90 in June 2011.

In recent books, I have worked with artists whom I consider to be superbly talented. All are top achievers and craftspeople, highly acclaimed by their colleagues and fans... and some have names and work you may recognize. This way we are making available to you other styles of drawing, techniques that are different from my own. With that in mind, I consider myself very lucky to have been able to persuade Persis Lee Ames to join with me in creating this book.

Users Review

From reader reviews:

Larry Gutierrez:

What do you think about book? It is just for students because they are still students or that for all people in the world, the particular best subject for that? Just simply you can be answered for that problem above. Every person has various personality and hobby per other. Don't to be pushed someone or something that they don't would like do that.
