Editorial Review

Review

"The authors of this excellent professional resource share information about disabilities and the assistive technologies that help patrons with disabilities gain access to information. . . . The authors explain the disabilities in a simple way which makes this book an easy-to-read and valuable resource, and will give a good overview of disabilities and the tools available to help patrons function fully in print and electronic library environments." - **Library Media Connection**

About the Author

Ravonne A. Green is an independent assistive technology consultant in the library and information science program at Valdosta State University.

Vera Blair, MLIS, is a civil air patrol pilot and has done several assistive technology workshops for public libraries.

Users Review

From reader reviews:

Joseph Wood:
