### Selected Topics in Equity Portfolio Management (Frank J. Fabozzi Series)

From Brand: Wiley

There are many styles, models, and factors that go into the management of an equity portfolio. The traditional manager's focus on stock picking and the resulting ad hoc nature of portfolio construction can lead to poorly defined portfolios. Thus the options between active, passive and engineered management come into play, with the ultimate objective being to establish an investment structure that will provide a return over time that compensates for the risk incurred.

### **Editorial Review**

#### Review

"Frank Fabozzi's series is the gold standard for investment reference books. Always topical and often influential this is the first place I send students or practitioners when they want to get up to speed on a new area." (Stephen A. Ross, Franco Modigliani Professor of Finance and Economics, Sloan School, MIT)

"The Fabozzi series provides the ultimate educational encyclopedia for the global debt capital markets. Each day, billions of dollars of debt securities trade around the world according to the principles clearly and comprehensively explained in this unrivaled series dedicated to the advancement of our knowledge-based profession." (Jack Malvey, Managing Director, Chief Global Fixed-Income Strategist, Lehman Brothers)

"When in doubt, you can always look it up in a book by Frank Fabozzi. Fabozzi, who's not called the Prolific Professor for nothing, has written or edited dozens of textbooks on investing--all rock-solid, for advanced investors only." (Jason Zwieg, Money.com)
