Editorial Review

From [Booklist](#)

In his first novel, Taylor, a retired Delta Force commander, introduces Pike Logan, a member of a supersecret, off-the-grid unit of commandos authorized to work outside the law. Logan was the star of the team, called the Taskforce, until a personal tragedy left him unable to work and nearly destitute. A chance encounter with a woman puts him back in the game, however, and he discovers how much he missed the action. Working without the help of his former team, he attempts to track two rogue terrorists in possession of a powerful weapon. Unfortunately, the enemy's agenda is vast, and their resources give them easy access to Logan and his former team. Taylor's debut flows like the best of Vince Flynn and Brad Thor. An intense and intriguing character, Logan is definitely an action hero to watch. --Jeff Ayers
