Editorial Review

Review

A compelling picture book. **Write Away**

This is an excellent resource for those working with anxious children. The children love the story and the beautifully bright illustrations are sure to engage even the most reticent child. **Amazon reviewer**

The book prompted a lovely discussion and was a great way for [my son] to articulate his emotions. Fantastic book - road tested and heartedly recommended! **The Fostering Network**

Interesting, funny, brilliant and fantastic. **Books for Keeps**

A good starting point to encourage children to discuss their anxieties and fears. It may also help children to realise that many children suffer with anxiety. **Little Parachutes**
