The Oxford Handbook on the United Nations (Oxford Handbooks) From Oxford University Press USA

The Oxford Handbook on the United Nations is an authoritative, one-volume treatment of sixty years of history of the United Nations written by distinguished scholars, analysts, and practitioners. Citations and suggested readings contain a wealth of primary and secondary references to the history, politics, and law of the world organization. This *Handbook* includes a clear and penetrating examination of the UN's development since 1945 and the challenges that it faces in the twenty-first century. This key reference work also contains appendices of the UN Charter, the Universal Declaration of Human Rights, and the Statute of the International Court of Justice.

This volume is intended to shape the discipline of UN studies, and to establish itself as the essential point of reference for all those working on, in, or around the world organization. It is substantial in scope, containing contributions from over 40 leading scholars and practitioners--writing sometimes controversially, but always authoritatively--on the key topics and debates that define the institution.

Editorial Review

Review

"This *Handbook* is extraordinarily ambitious and very timely, providing the most comprehensive assessment available anywhere of the UN's performance in an increasingly challenging global environment, and featuring an outstanding cast of authors. It will be an indispensable reference guide for scholars and practitioners alike."--John G. Ruggie, Harvard University, Former UN Assistant Secretary-General

"*The Oxford Handbook on the United Nations* provides the essential overview of the UN under its Secretary-General, Ban Ki-moon. Timely and authoritative, the book provides a well-judged balance of analysis, critique, and prescription at a crucial time for the world organization."--Mary Robinson, President, Realizing Rights: The Ethical Globalization Initiative, Former President of Ireland and UN High Commissioner for Human Rights

"Given the constant pressure of events within the United Nations, and rapid developments in all the fields that it touches, it is very useful to have a study that stands back and reflects on the challenges for the United Nations as the new Secretary-General takes office. *The Oxford Handbook on the United Nations* is clearly a scholarly and important work. The editors of this volume have sought contributors of the highest quality to comment on the track record of the Organization and to make recommendations for the future. The *Handbook* will surely be of interest to all those who know--or think that they know--the United Nations."--Judge Rosalyn Higgins, President of the International Court of Justice

About the Author

Thomas G. Weiss is Presidential Professor of Political Science at The CUNY Graduate Center and Director of the Ralph Bunche Institute for International Studies, where he is co-director of the United Nations Intellectual History Project. He is the chair of the Academic Council on the UN System and the former editor of its journal, *Global Governance*. He has written or edited some 35 books and numerous articles about multilateral approaches to international peace and security, humanitarian action, and sustainable development.

Sam Daws is Senior Research Associate in the Centre for International Studies at Oxford University, where he is directing a project on UN Governance and Reform. He has served as a senior policy advisor on UN issues for 17 years, including three years as First Officer in the Executive Office of Secretary-General Kofi Annan. He previously directed a Geneva-based international consultancy, and has co-authored or edited six books.

Users Review

From reader reviews:

Kimberly Rubio:

Here thing why that The Oxford Handbook on the United Nations (Oxford Handbooks) are different and dependable to be yours. First of all reading a book is good but it really depends in the content of it which is the content is as scrumptious as food or not. The Oxford Handbook on the United Nations (Oxford Handbooks) giving you information deeper since different ways, you can find any publication out there but there is no e-book that similar with The Oxford Handbook on the United Nations (Oxford Handbooks). It gives you thrill examining journey, its open up your personal eyes about the thing in which happened in the world which is perhaps can be happened around you. You can easily bring everywhere like in park, café, or even in your technique home by train. If you are having difficulties in bringing the published book maybe the form of The Oxford Handbook on the United Nations (Oxford Handbooks) in e-book can be your alternative.

Billy Simpson:

Many people spending their period by playing outside using friends, fun activity together with family or just watching TV 24 hours a day. You can have new activity to enjoy your whole day by looking at a book. Ugh, ya think reading a book can definitely hard because you have to take the book everywhere? It fine you can have the e-book, taking everywhere you want in your Smartphone. Like The Oxford Handbook on the United Nations (Oxford Handbooks) which is keeping the e-book version.
