Editorial Review

Review

"Breuer's tough, brutalist designs were sculptural and expressive, and their ambition and scale has come back into fashion. This is a serious study." —*Financial Times*

"It is truly a must-own for all architectural enthusiasts." —*Interview Online*

"In a beautiful new tome from Phaidon, architect Robert McCarter gives us the most complete monograph of the pioneering modernist." —*Fast Company's Co.Design*

"An impressive and weighty new monograph by Robert McCarter... Should realign Breuer's position in the canon of modern masters... Covers 100 buildings and 24 furniture designs, and is a joy to spend time over, with its beautiful array of photographs, and McCarter's exhaustive - but never exhausting - text on the designs... It is time to rightfully rank Breuer alongside Mies, Wright and Le Corbusier, and this publication should aid that cause." —*The Irish Times*

"This impressive and weighty new monograph by Robert McCarter should go some way to realigning Breuer's position in the canon of modern masters." —*TLS (Times Literary Supplement)*

"Meaty, well-illustrated... [Breuer] knew how to wield the expressive powers of modern materials." —*The Observer, The New Review*
