A Dictionary of Economics (Oxford Quick Reference) By John Black, Nigar Hashimzade, Gareth Myles

Comprehensively revised and updated, this outstanding reference work defines more than 2,500 key economic terms with clear, concise entries that cover all aspects of the field--from microeconomics and macroeconomics to e-commerce and international trade, including economic theory, labor economics, public finance, monetary economics, and environmental economics. Readers will find particularly strong coverage of international trade and economic organizations and institutions as well as expanded coverage of common econometric concepts, highlighting major theoretical concepts such as agency, competition, efficiency, and equilibrium. In addition, the authors provide appendices of Nobel Prize winners, the Greek alphabet, and institutional acronyms (providing details for each organization, including the website of each). Indeed, recommended web links updated regularly on the *Dictionary of Economics* website enable readers to access a wide range of up-to-the-moment information. An essential reference book for students and teachers of economics and the related fields of social studies, business studies, and finance, the book is invaluable to professional economists, those working in business and finance, and anyone who has to deal with economic data or writing.

Editorial Review

Review

'Review from previous edition John Black's dictionary provides clear and concise explanations...An excellent system of cross-referencing the various entries is a valuable aspect... this book is strongly recommended as a handy work of reference for any non-economist who wants to have a better idea about what is going on in economic debates...this book deserves to sell well to a wide audience...it illuminates in a concise and accessible way many of the words and ideas used both in economics itself and in practical political debates on the subject.' Times Higher Education Supplement

About the Author

John Black is Emeritus Professor at the University of Exeter.

Nigar Hashimzade is Associate Professor of Economics at the University of Exeter.

Gareth Myles is Professor of Economics at the University of Exeter and a Research Fellow of the Institute for Fiscal Studies.

Users Review

From reader reviews:

Ciara Wolfe:

This A Dictionary of Economics (Oxford Quick Reference) book is simply not ordinary book, you have it then the world is in your hands. The benefit you will get by reading this book is definitely information inside this e-book incredible fresh, you will get data which is getting deeper an individual read a lot of information you will get. That A Dictionary of Economics (Oxford Quick Reference) without we understand teach the one who examining it become critical in pondering and analyzing. Don't end up being worry A Dictionary of Economics (Oxford Quick Reference) can bring when you are and not make your case space or bookshelves' grow to be full because you can have it with your lovely laptop even phone. This A Dictionary of Economics (Oxford Quick Reference) having fine arrangement in word and layout, so you will not experience uninterested in reading.

Anna Williams:

Reading a reserve tends to be new life style on this era globalization. With reading you can get a lot of information that will give you benefit in your life. With book everyone in this world could share their idea. Books can also inspire a lot of people. Plenty of author can inspire their very own reader with their story or even their experience. Not only the story that share in the books. But also they write about the information about something that you need example of this. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that you can get now. The authors on this planet always try to improve their proficiency in writing, they also doing some analysis before they write for their book. One of them is this A Dictionary of Economics (Oxford Quick Reference).

Roberta Swinton:

The actual book A Dictionary of Economics (Oxford Quick Reference) has a lot info on it. So when you check out this book you can get a lot of profit. The book was written by the very famous author. The author makes some research previous to write this book. This specific book very easy to read you can find the point easily after looking over this book.

Deborah Fishman:

This A Dictionary of Economics (Oxford Quick Reference) is great book for you because the content that is full of information for you who also always deal with world and still have to make decision every minute. This kind of book reveal it info accurately using great organize word or we can state no rambling sentences inside it. So if you are read it hurriedly you can have whole data in it. Doesn't mean it only gives you straight forward sentences but tough core information with attractive delivering sentences. Having A Dictionary of Economics (Oxford Quick Reference) in your hand like obtaining the world in your arm, info in it is not ridiculous one. We can say that no e-book that offer you world inside ten or fifteen second right but this e-book already do that. So , this can be good reading book. Hey there Mr. and Mrs. busy do you still doubt that?
