Collected Essays on the Economics of Coral Reefs From Coral Degradation in the Indian Ocean, Cordio

Corals and coral reefs are seriously degraded in most tropical seas. Most of the damage is due to over-exploitation and the use of destructive fishing methods. Recently climate change has posed a major threat to the survival of corals. This collection of essays presents a number of case studies on the economic analysis of coral reefs. The authors, some of the top experts in the field, are from academia, industry, international and non-governmental organisations, local and central governments.
