Editorial Review

Review

"Sarah J. Shin's highly readable and insightful book takes the study of bilingualism in schools and society to a new level. She documents the dynamic ways in which globalization and human migration are affecting all forms of human communication including Internet use, advertising, and popular culture and, in lucid and engaging prose, draws out the implications of these 'global flows' for education and social policies. This book represents an immense accomplishment that will be greatly appreciated by educators and policy-makers alike."

It will serve as an invaluable resource to practitioners and researchers who wish to understand both individual and societal bilingualism, bilingualism and identity, and the many implications of bilingual language use for education."

? **Guadalupe Valdés**, *Bonnie Katz Tenenbaum Professor of Education, Stanford University, USA*

"Sarah Shin has expertly combined a critical review of the current research on different aspects of bilingualism with practical advice on policy and practice regarding bilingual schools and families. The result is a fascinating account of the linguistic and social diversity in the contemporary world and a user-friendly guide to parents, teachers, policy makers, and bilingual speakers themselves on what they can do with this hugely rich and uniquely human resource, i.e. bilingualism. A most welcome book and a highly valuable contribution."

? **Li Wei**, *Professor and Chair of Applied Linguistics, Birkbeck College, University of London, UK*
