Distance Education: Definition and Glossary of Terms By Lee Ayers Schlosser

Distance Education has become a major topic of interest in the field of educational communications and technology. In response to this interest, the Association for Educational Communications and Technology (AECT) published the first edition of Distance Education: Definition and Glossary of Terms in 2002. The second edition of this monograph was begun in 2005. While the definition of distance education was changed only slightly, the glossary of terms was updated significantly under the supervision of Joann Flick and members of AECT's Division of Distance Learning. The definition of distance education and much of the supporting narrative offered in this edition of Distance Education: Definition and Glossary of Terms is based on Teaching and Learning at a Distance: Foundations of Distance Education, 3rd. edition (2006). This information is used with permission.

Editorial Review

Users Review

From reader reviews:

Sonya Wright:

In other case, little men and women like to read book Distance Education: Definition and Glossary of Terms. You can choose the best book if you like reading a book. As long as we know about how is important some sort of book Distance Education: Definition and Glossary of Terms. You can add information and of course you can around the world by way of a book. Absolutely right, because from book you can learn everything! From your country until finally foreign or abroad you can be known. About simple factor until wonderful thing it is possible to know that. In this era, we can easily open a book or perhaps searching by internet system. It is called e-book. You can utilize it when you feel bored stiff to go to the library. Let's study.

Louis Gayman:

Information is provisions for anyone to get better life, information these days can get by anyone at everywhere. The information can be a understanding or any news even a concern. What people must be consider whenever those information which is inside former life are hard to be find than now could be taking seriously which one is acceptable to believe or which one the particular resource are convinced. If you get the unstable resource then you understand it as your main information you will see huge disadvantage for you. All those possibilities will not happen in you if you take Distance Education: Definition and Glossary of Terms as your daily resource information.

Stacy Brooks:

People live in this new time of lifestyle always make an effort to and must have the time or they will get lots of stress from both everyday life and work. So , once we ask do people have free time, we will say absolutely sure. People is human not really a robot. Then we question again, what kind of activity have you got when the spare time coming to anyone of course your answer will probably unlimited right. Then ever try this one, reading books. It can be your alternative throughout spending your spare time, the book you have read will be Distance Education: Definition and Glossary of Terms.

Eugene Ruano:

That reserve can make you to feel relax. This specific book Distance Education: Definition and Glossary of Terms was vibrant and of course has pictures around. As we know that book Distance Education: Definition and Glossary of Terms has many kinds or type. Start from kids until teenagers. For example Naruto or Private eye Conan you can read and feel that you are the character on there. Therefore not at all of book are

usually make you bored, any it offers you feel happy, fun and unwind. Try to choose the best book for you personally and try to like reading in which.
