Editorial Review

About the Author

R.C. Hibbeler graduated from the University of Illinois at Urbana with a BS in Civil Engineering (major in Structures) and an MS in Nuclear Engineering. He obtained his PhD in Theoretical and Applied Mechanics from Northwestern University.

Hibbeler's professional experience includes postdoctoral work in reactor safety and analysis at Argonne National Laboratory, and structural work at Chicago Bridge and Iron, as well as Sargent and Lundy in Tucson. He has practiced engineering in Ohio, New York, and Louisiana.

Hibbeler currently teaches at the University of Louisiana, Lafayette. In the past he has taught at the University of Illinois at Urbana, Youngstown State University, Illinois Institute of Technology, and Union College.

Users Review

From reader reviews:

Danny Whittemore:

Information is provisions for people to get better life, information nowadays can get by anyone with everywhere. The information can be a knowledge or any news even restricted. What people must be consider if those information which is from the former life are hard to be find than now is taking seriously which one would work to believe or which one often the resource are convinced. If you find the unstable resource then you have it as your main information it will have huge disadvantage for you. All of those possibilities will not happen throughout you if you take Structural Analysis (8th Edition) as the daily resource information.

Louis Jackson:

People live in this new day of lifestyle always try to and must have the spare time or they will get large amount of stress from both daily life and work. So , once we ask do people have extra time, we will say absolutely without a doubt. People is human not only a robot. Then we ask again, what kind of activity have you got when the spare time coming to you actually of course your answer may unlimited right. Then do you try this one, reading ebooks. It can be your alternative in spending your spare time, typically the book you have read will be Structural Analysis (8th Edition).

Kevin White:

Are you kind of hectic person, only have 10 or maybe 15 minute in your moment to upgrading your mind skill or thinking skill also analytical thinking? Then you are having problem with the book as compared to can satisfy your short space of time to read it because all of this time you only find reserve that need more time to be read. Structural Analysis (8th Edition) can be your answer since it can be read by you who have

those short spare time problems.

Fern Barron:

You are able to spend your free time you just read this book this publication. This Structural Analysis (8th Edition) is simple to bring you can read it in the recreation area, in the beach, train in addition to soon. If you did not have much space to bring the actual printed book, you can buy the actual e-book. It is make you easier to read it. You can save often the book in your smart phone. Therefore there are a lot of benefits that you will get when one buys this book.
