### The Antinomies Of Realism By Fredric Jameson

*The Antinomies of Realism* is a history of the nineteenth-century realist novel and its legacy told without a glimmer of nostalgia for artistic achievements that the movement of history makes it impossible to recreate. The works of Zola, Tolstoy, Pérez Galdós, and George Eliot are in the most profound sense inimitable, yet continue to dominate the novel form to this day. Novels to emerge since struggle to reconcile the social conditions of their own creation with the history of this mode of writing: the so-called modernist novel is one attempted solution to this conflict, as is the ever-more impoverished variety of commercial narratives – what today’s book reviewers dub “serious novels,” which are an attempt at the impossible endeavor to roll back the past.

Fredric Jameson examines the most influential theories of artistic and literary realism, approaching the subject himself in terms of the social and historical preconditions for realism’s emergence. The realist novel combined an attention to the body and its states of feeling with a focus on the quest for individual realization within the confines of history.

In contemporary writing, other forms of representation – for which the term “postmodern” is too glib – have become visible: for example, in the historical fiction of Hilary Mantel or the stylistic plurality of David Mitchell’s novels. Contemporary fiction is shown to be conducting startling experiments in the representation of new realities of a global social totality, modern technological warfare, and historical developments that, although they saturate every corner of our lives, only become apparent on rare occasions and by way of the strangest formal and artistic devices.

In a coda, Jameson explains how “realistic” narratives survived the end of classical realism. In effect, he provides an argument for the serious study of popular fiction and mass culture that transcends lazy journalism and the easy platitudes of recent cultural studies.

## Editorial Review

### Review

“Manifestly displays Jameson’s many virtues as a truly great critic ... It is not always easy to read the work of someone who just won’t sit on his laurels: but in this case it is worth it.” —Robert Eaglestone, *Times Higher Education*

“This latest installment in his epic ‘poetics of social form’ is vintage Jameson: no other critic has his range of reference in literature and theory, and no one dialecticizes their connections to politics and history with anything like his transformative energy. Not since Auerbach has ‘realism’ been so penetratingly analyzed or so radically rethought. With many surprises along the way – such as the new centrality Jameson affords ‘affect’ in the realist novel – the results are absolutely stunning.” —Hal Foster, Princeton University

“Admirable ... Jameson thinks dialectically in the strong sense, in the way we are all supposed to think but almost no one does.” —Michael Wood, *London Review of Books*

### About the Author

**Fredric Jameson** is Distinguished Professor of Comparative Literature at Duke University. The author of numerous books, he has over the last three decades developed a richly nuanced vision of Western culture’s relation to political economy. He was a recipient of the 2008 Holberg International Memorial Prize. He is the author of many books, including *Postmodernism, Or, The Cultural Logic of Late Capitalism*; *The Cultural Turn; A Singular Modernity*; *The Modernist Papers*; *Archaeologies of the Future*; *Brecht and Method*; *Ideologies of Theory*; *Valences of the Dialectic*; *The Hegel Variations*; and *Representing Capital*.

**Kathleen Huckaby:**

Would you one of the book lovers? If yes, do you ever feeling doubt if you are in the book store? Aim to pick one book that you find out the inside because don't assess book by its handle may doesn't work the following is difficult job because you are afraid that the inside maybe not since fantastic as in the outside search likes. Maybe you answer might be The Antinomies Of Realism why because the amazing cover that make you consider concerning the content will not disappoint anyone. The inside or content is actually fantastic as the outside or maybe cover. Your reading 6th sense will directly guide you to pick up this book.

**John Smith:**

As a scholar exactly feel bored to help reading. If their teacher requested them to go to the library as well as to make summary for some e-book, they are complained. Just little students that has reading's heart or real their pastime. They just do what the educator want, like asked to the library. They go to presently there but nothing reading very seriously. Any students feel that reading is not important, boring and also can't see colorful photos on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this The Antinomies Of Realism can make you sense more interested to read.
