A Self-Help book for single, financially savvy women; It outlines how to dress, present yourself, what subjects to get educated in, and what type of places to visit in order to meet and attract wealthy men. It not only gives pointers on how to get financial favors from your suitors without giving IT up but it also gives pointers on how to make the money you accumulated work for you in the future. The Author (Baje Fletcher) shares the lessons she's learned over the years and inspires women around the globe to never lose sight of their goals. Gold Digging or GOAL Digging? You decide.

Receiving a great deal of publicity for her new book, A Golddigger's Guide, successful CEO and author Baje Fletcher schools aspiring women on how to play the game to get what they want. On the rough road to Hollywood, countless beauties searching for fame and fortune become overwhelmed by the seedy advances of self-proclaimed "powerful men" who promise to make them a household name. Such men include sleazy executives, producers, entertainers, sports stars and even corporate professionals who prey on unsuspecting, beautiful women naïvely ready to "do anything for fame." When these men get to star model and author Baje Fletcher however, the game gets flipped on them and she's taking no prisoners in the process. Having been there and done that, or at the very least, observed the effects such "poor choices" have had on other women, Baje is turning the tables and making a profit She wants to teach you how she does it as well. The multi-faceted Baje is in the process of shopping her reality show based off A Golddigger's Guide and is preparing to write her second book. She credits her tireless work ethic to being "Brooklyn-born and Jamaican-raised," as her upbringing taught her the value of perseverance, hard work and being resilient through challenges. "If everything I have today is taken away from me, I know how to pick myself up and start all over again because I came from nothing." Baje concludes, "Everything I have now is a blessing. I'm a hard worker and thank God I'm able to do what I love for a living." Story By: L. Raquel Boone of Jadore Magazine Her book's called A Gold Digger's Guide. She

You know: it. "You don't ever tell him up front that you're not going to sleep with him and never meet alone or in secluded areas," Fletcher says. "It's about using your mind and planning ahead." Fletcher called South Florida home in 2007 and 2008, and she stopped by our newsroom last week. After the jump, her favorite local places to pick up sugar daddies: Cugini Grille & Martini Bar "In Delray, the men are mature, focused, and goal-oriented. Receiving a great deal of publicity for her new book, A Golddigger's Guide, successful CEO and author Bajé Fletcher schools aspiring women on how to play the game to get what they want. On the rough road to Hollywood, countless beauties searching for fame and fortune become overwhelmed by the seedy advances of self-proclaimed "powerful men" who promise to make them a household name. Such men include sleazy executives, producers, entertainers, sports stars and even corporate professionals who prey on unsuspecting, beautiful women naïvely ready to "do anything for fame." #### From the Author

I'm on twitter and facebook daily offering motivational advice to my readers. I also offer one-on-one coaching sessions as well. I know too many women who gave themselves to guys way too early, only to find out that all the promises he made to her was just "game"...and of course after the lies cleared it was too late for her to get that part of her that she gave away. I heard too many stories of women dedicating their lives to men who really don't care about them, their GOALS or their dreams, and women who put the needs of guys they barely know ahead of their own. I could have named my book a thousand other titles other than: **A Gold Diggers Guide**, but let's overlook the taboo title for a moment and hear my message. **Have a screening process:** Believe you deserve the best and don't settle. When you first meet a man, he'll put his best foot forward, so just know that you're meeting his representative, not him; so in the mean time, **Don't be too quick to open up:** (your home, your heart or your legs). **Never lose sight of your GOALS:** Before a man comes in the picture work on you. Know who you are, what you want, what you deserve and set GOALS. When a man does come along, **Remember that you are number one:** You have needs so don't be afraid to express them. If he truly cares about you then it wouldn't be a problem for him to help you out (especially financially). **Let him work for you:** let him prove himself to you (that usually only happens in time). **Learn from your mistakes:** If you caught one that wasn't willing to contribute, work and wait then he doesn't deserve you anyway; So, **Don't be a slave to your conscience: throw that one back in.**

#### From the Back Cover

A Goal Digger's Guide is a self-help book for the single, financially savvy woman. The book discusses how to dress, how to plan ahead, which environments to go scout, and what subjects to study in order to lure...I mean, attract wealthy men. The book emphasizes on how to grab prospects with your mind and not sex. It's a motivational book, written comically to help women to reach their GOALS - both personally and financially. It's about GOAL Digging. Most importantly it introduces women to the world of investing so the money they accumulate can grow.

This isn't a scandalous "tell-all" book, neither is it telling women to depend on handouts; instead the author (Baje) encourages women to be self sufficient. *Making money should be their top priority; taking money is merely a lucrative hobby.* This book is full of lessons, techniques and secret tactics and serves as a guide on getting the best responses out of men while they are still intrigued by you. The message that Baje conveys is that women can get what they want and be what they want to be without settling for mediocre, compromising their values.
