Jupiter's Travels By Ted Simon

Simon rode a motorcycle around the world in the seventies, when such a thing was unheard of. In four years he covered 78,000 miles through 45 countries, living with peasants and presidents, in prisons and palaces, through wars and revolutions. What distinguishes this book is that Simon was already an accomplished writer. In 25 years this book has changed many lives, and inspired many to travel, including Ewan McGregor.
