A Dictionary of Dentistry (Oxford Quick Reference) By Robert Ireland

This first edition of A Dictionary of Dentistry provides over 4,500 definitions covering all the important terms and concepts used in dentistry today. Entries are written in clear and concise English without the use of unnecessary dental or medical jargon, and many entries are supplemented by detailed line drawings.

The dictionary defines terms in a broad range of dental specialist areas including primary care, anatomy and comparative anatomy, physiology, biochemistry, radiography, radiology, orthodontics, periodontology, restorative dentistry, dental public health, paediatric dentistry, oral surgery, embryology, homeopathy, pharmacology, sedation, histology, implantology, ethics, and oral medicine. For completeness, some drugs, techniques, and instruments of historical interest have been included. It also

includes a number of biographies of those who are considered to have made a highly significant contribution to dentistry.

The principal muscles, nerves, arteries, veins, foramina, and sinuses of the head and neck together with illustrations are grouped together as appendices: also included is a further reading list, and a list of common symbols and abbreviations used in both the UK and America. A key feature of this book is the Dictionary of Dentistry companion website, which provides quick access to recommended web links for many entries, plus over 100 full-colour illustrations..

An essential guide for dental practitioners and dental students, it is also an invaluable reference source for all members of the dental team, medical practitioners, lawyers involved with members of the dental profession, and the general reader.

Users Review

From reader reviews:

Delia Black:

What do you in relation to book? It is not important along? Or just adding material when you want something to explain what the one you have problem? How about your time? Or are you busy man or woman? If you don't have spare time to try and do others business, it is make you feel bored faster. And you have time? What did you do? Every person has many questions above. They should answer that question mainly because just their can do that. It said that about guide. Book is familiar in each person. Yes, it is right. Because start from on guardería until university need this A Dictionary of Dentistry (Oxford Quick Reference) to read.

Susan Metcalf:

People live in this new day of lifestyle always try to and must have the spare time or they will get large amount of stress from both day to day life and work. So , when we ask do people have extra time, we will say absolutely of course. People is human not really a huge robot. Then we request again, what kind of activity are you experiencing when the spare time coming to a person of course your answer may unlimited right. Then ever try this one, reading publications. It can be your alternative inside spending your spare time, typically the book you have read is actually A Dictionary of Dentistry (Oxford Quick Reference).

Jimmy Stansberry:

Are you kind of hectic person, only have 10 as well as 15 minute in your day to upgrading your mind skill or thinking skill perhaps analytical thinking? Then you are having problem with the book compared to can satisfy your limited time to read it because pretty much everything time you only find reserve that need more time to be learn. A Dictionary of Dentistry (Oxford Quick Reference) can be your answer as it can be read by you actually who have those short time problems.

Rose Hilton:

Many people spending their time by playing outside using friends, fun activity using family or just watching TV all day long. You can have new activity to invest your whole day by examining a book. Ugh, ya think

reading a book can definitely hard because you have to accept the book everywhere? It fine you can have the e-book, getting everywhere you want in your Touch screen phone. Like A Dictionary of Dentistry (Oxford Quick Reference) which is obtaining the e-book version. So , try out this book? Let's observe.
