Medical Computer Vision: Recognition Techniques and Applications in Medical Imaging (Lecture Notes in Computer Science)

From Springer

Medical Computer Vision: Recognition Techniques and Applications in Medical Imaging (Lecture Notes in Computer Science) From Springer

This book constitutes the thoroughly refereed post-workshop proceedings of the International Workshop on Medical Computer Vision, MCV 2010, held in Beijing, China, in September 2010 as a satellite event of the 13th International Conference on Medical Image Computing and Computer Assisted Intervention, MICCAI 2010. The 10 revised full papers and 11 revised poster papers presented were carefully reviewed and selected from 38 initial submissions. The papers explore the use of modern image recognition technology in tasks such as semantic anatomy parsing, automatic segmentation and quantification, anomaly detection and categorization, data harvesting, semantic navigation and visualization, data organization and clustering, and general-purpose automatic understanding of medical images.

Users Review

From reader reviews:

Brooke Jenkins:

The book Medical Computer Vision: Recognition Techniques and Applications in Medical Imaging (Lecture Notes in Computer Science) will bring someone to the new experience of reading a book. The author style to spell out the idea is very unique. In the event you try to find new book you just read, this book very suitable to you. The book Medical Computer Vision: Recognition Techniques and Applications in Medical Imaging (Lecture Notes in Computer Science) is much recommended to you to read. You can also get the e-book from the official web site, so you can quickly to read the book.

Evelyn Nay:

This Medical Computer Vision: Recognition Techniques and Applications in Medical Imaging (Lecture Notes in Computer Science) is great book for you because the content and that is full of information for you who also always deal with world and also have to make decision every minute. This particular book reveal it facts accurately using great coordinate word or we can say no rambling sentences inside. So if you are read the item hurriedly you can have whole details in it. Doesn't mean it only provides straight forward sentences but challenging core information with wonderful delivering sentences. Having Medical Computer Vision: Recognition Techniques and Applications in Medical Imaging (Lecture Notes in Computer Science) in your hand like getting the world in your arm, facts in it is not ridiculous a single. We can say that no book that offer you world throughout ten or fifteen tiny right but this publication already do that. So , this really is good reading book. Hey there Mr. and Mrs. stressful do you still doubt that will?

Neil Dussault:

What is your hobby? Have you heard which question when you got students? We believe that that problem was given by teacher on their students. Many kinds of hobby, Everyone has different hobby. And also you know that little person such as reading or as examining become their hobby. You must know that reading is very important along with book as to be the factor. Book is important thing to add you knowledge, except your own teacher or lecturer. You will find good news or update with regards to something by book. Many kinds of books that can you choose to use be your object. One of them is actually Medical Computer Vision: Recognition Techniques and Applications in Medical Imaging (Lecture Notes in Computer Science).

Nancy Gump:

Reading a publication make you to get more knowledge from the jawhorse. You can take knowledge and information from the book. Book is prepared or printed or illustrated from each source this filled update of news. In this particular modern era like currently, many ways to get information are available for you. From media social like newspaper, magazines, science book, encyclopedia, reference book, new and comic. You can add your knowledge by that book. Isn't it time to spend your spare time to open your book? Or just searching for the Medical Computer Vision: Recognition Techniques and Applications in Medical Imaging (Lecture Notes in Computer Science) when you required it?
