## Secret Black Projects of the New World Order By Tim R. Swartz

Anti-gravity UFOs, black helicopters and mysterious flying triangles...are they all under the secret command of the New World Order. Is the Secret Government keeping tabs on our activities? How closely are we being watched? Will YOU be the next to be silenced?

It is known that billions of dollars are being spent every year on secret military efforts called "Black Projects." These top-secret projects were responsible for such advanced science military efforts as the stealth fighters and bombers...but these aircraft are OLD NEWS compared to what has been developed since then...and what is being worked on right now.

This may seem like the stuff of science fiction, but it is science fact!

Is there a secret space program run by the military? Are some "UFOs" actually advanced, man made aircraft using antigravity technology? Was some of this technology based on an actual crashed flying saucer found near Roswell, New Mexico in 1947?

Find out for yourself what is being kept hidden from the civilian population, and how these exotic technologies are being used against us all by the secret rulers of the planet.
