Stalin: Breaker of Nations By Robert Conquest

Of all the despots of our time, Joseph Stalin lasted the longest and wielded the greatest power, and his secrets have been the most jealously guarded—even after his death.

In this book, the first to draw from recently released archives, Robert Conquest gives us Stalin as a child and student; as a revolutionary and communist theoretician; as a political animal skilled in amassing power and absolutely ruthless in maintaining it. He presents the landmarks of Stalin's rule: the class with Lenin; collectivization; the Great Terror; the Nazi-Soviet pact and the Nazi-Soviet war; the anti-Semitic campaign that preceded his death; and the legacy he left behind.

Distilling a lifetime's study, weaving detail, analysis, and research, Conquest has given us an extraordinarily powerful narrative of this incredible figure.

“Thoughtful and thorough and shot through with insight.”—*The Washington Post Book World*

“Definitive . . . a magnificent, even poetic, act of historical retribution.”—*The New Leader*

“Brilliant . . . this book probably is the most cogent and readable account of Stalin's life yet published.”—*The San Diego Union*

Editorial Review

From Publishers Weekly

Drawing on a wealth of new material from the former Soviet Union, Conquest presents a chilling portrait of the Soviet dictator as a mass murderer. Photos.

From School Library Journal

YA-- Written in a fast-moving informative style, this absorbing biography charts Stalin's rise from obscure revolutionary flunky to power-mad dictator. Borrowing liberally from unsealed memoirs of survivors of the Stalinist era, Conquest offers psychological insights into the man who condemned millions of his countrymen to death in the purges of the 1930s and led his nation to become a leading world power. A compelling portrait for students and teachers of modern Russian and European history alike. --Richard Lisker, Fairfax County Public Library, VA

From Library Journal

Joseph Stalin, a leader with many biographers, has become the subject of renewed study as a consequence of Soviet glasnost and the opening of formerly closed archives. Both of these books describe Stalin's development as a revolutionary, his rise to power upon Lenin's death, the Terror and consolidation of his control, his triumph in World War II, and his decline and death as the Cold War expanded. Conquest, a respected Western scholar, incorporates new details of Stalin's life and establishes a broad context for understanding his actions, highlighting how he was underestimated by both colleagues and foreign diplomats. Volkogonov, a Soviet researcher and the head of the Institute of Military History, sets forth a study of Stalin the man, centering upon his actions and thoughts. Reflecting new Soviet openness, he finds that Stalin rejected socialism and scorned freedom to the detriment of his nation. Greater access to records, such as those showing the depth of Stalin's control over military decision-making and the truth regarding the Katyn Forest massacre of Polish officers by the NKVD, will afford many opportunities for further study. These works are both carefully researched and well written (well edited and translated in the case of Volkogonov's book), offering new information and insights into Stalin's life and era. Volkogonov's work is noteworthy for the sense it conveys of the Soviet struggle to come to terms with the meaning of Stalin's rule. Conquest's work excels in its sophisticated portrayal of Stalin's life against the map of world politics and society. Both are of interest to general and specialist readers and are recommended for larger collections and those of Soviet studies. Conquest's book previewed in Prepub Alert, LJ 7/91.--Ed.

Users Review

From reader reviews:

Lacey Clements:

Why? Because this Stalin: Breaker of Nations is an unordinary book that the inside of the publication waiting for you to snap this but latter it will shock you with the secret that inside. Reading this book close to it was fantastic author who have write the book in such incredible way makes the content inside of easier to understand, entertaining method but still convey the meaning fully. So , it is good for you for not hesitating

having this anymore or you going to regret it. This excellent book will give you a lot of benefits than the other book possess such as help improving your ability and your critical thinking approach. So , still want to hold off having that book? If I ended up you I will go to the book store hurriedly.

Sena Meyer:

This Stalin: Breaker of Nations is great reserve for you because the content that is certainly full of information for you who else always deal with world and still have to make decision every minute. This book reveal it facts accurately using great organize word or we can claim no rambling sentences included. So if you are read this hurriedly you can have whole data in it. Doesn't mean it only offers you straight forward sentences but tricky core information with splendid delivering sentences. Having Stalin: Breaker of Nations in your hand like keeping the world in your arm, information in it is not ridiculous one particular. We can say that no publication that offer you world inside ten or fifteen minute right but this reserve already do that. So , this can be good reading book. Hey Mr. and Mrs. occupied do you still doubt which?

Anthony Perez:

In this period of time globalization it is important to someone to receive information. The information will make professionals understand the condition of the world. The condition of the world makes the information easier to share. You can find a lot of sources to get information example: internet, classifieds, book, and soon. You can view that now, a lot of publisher this print many kinds of book. The actual book that recommended for your requirements is Stalin: Breaker of Nations this reserve consist a lot of the information with the condition of this world now. This particular book was represented just how can the world has grown up. The language styles that writer use for explain it is easy to understand. The writer made some analysis when he makes this book. This is why this book suitable all of you.

Timothy Wingo:

This Stalin: Breaker of Nations is brand new way for you who has interest to look for some information as it relief your hunger associated with. Getting deeper you on it getting knowledge more you know or you who still having small amount of digest in reading this Stalin: Breaker of Nations can be the light food for yourself because the information inside this particular book is easy to get by means of anyone. These books acquire itself in the form and that is reachable by anyone, that's why I mean in the e-book form. People who think that in guide form make them feel sleepy even dizzy this guide is the answer. So there is not any in reading a publication especially this one. You can find actually looking for. It should be here for anyone. So , don't miss the idea! Just read this e-book type for your better life in addition to knowledge.
