## Unlock the mystical powers of crystals.

For thousands of years crystals and gemstones have adorned princesses, prophets, kings, and warriors, but they have also been used to invoke powerful healing energy and used as divination tools. The ancient Babylonian astrologers believed that white quartz crystals harnessed the power of the constellations to determine the future, while the Egyptians used stones such as obsidian to protect the wearer from evil. In fact, crystals are the most natural, empowering force we can work with to help unlock our own mystical powers.

*The Key to Crystals* helps you master the art of crystal reading, develop your own intuitive powers along the way, and discover all there is to know about the magic of crystals. It uses a combination of detailed background information and fun, simple, interactive lessons and exercises to help you unlock your own mystical potential. In addition, each of the book's four main sections concludes with a specially designed "masterclass" that takes you to a deeper level of understanding, if you feel ready to do so.

By understanding crystals and working with their powers, you too can discover the hidden energy of the cosmos that flows through you. Not only can you work with crystals for all forms of healing, life enhancement and making important choices, but also to divine the future and make your destiny what you want it to be.
