Where You Are By J.H. Trumble

Robert Westfall's life is falling apart--everywhere but in math class. That's the one place where problems always have a solution. But in the world beyond high school, his father is terminally ill, his mother is squabbling with his interfering aunts, his boyfriend is unsupportive, and the career path that's been planned for him feels less appealing by the day.

Robert's math teacher, Andrew McNelis, watches his best student floundering, concerned but wary of crossing the line between professional and personal. Gradually, Andrew becomes Robert's friend, then his confidante. As the year progresses, their relationship-in school and out of it-deepens and changes. And as hard as he tries to resist, Andrew knows that he and Robert are edging into territory that holds incalculable risks for both of them.

J.H. Trumble, author of the acclaimed *Don't Let Me Go*, explores a controversial subject with extraordinary sensitivity and grace, creating a deeply human and honest story of love, longing, and unexpected connection.

Editorial Review

Review

"Moving ... poignant ... characters you can't help but root for." - *RT Book Reviews*, 4-1/2 stars

"... a page-turner." - *Instinct Magazine*

"This compelling novel is about the choices we make.... I commend the author for tackling such a taboo topic with sincerity, gravity and humility. The story of Andrew and Robert is one not to be forgotten." - Chris Verleger, contributor, *EDGE on the Net*

"I found myself enthralled with the characters and the manner in which the author conveyed their thoughts and emotions.... I, for one, hope that Trumble writes many more books." - Michael Hamar, contributor, *The Bilerico Project*

"[A] gripping tale of love, hate of differences and owning up to who you are...More than just a love story, it details the issues gripping teens who are growing up in a dysfunctional family, as well as how to cope with the loss of a parent. These common issues--small or big--are relevant to any young adult." - *VOYA Magazine*

Users Review

From reader reviews:

Edward Crosley:

This *Where You Are* are reliable for you who want to be described as a successful person, why. The reason of this *Where You Are* can be among the great books you must have is giving you more than just simple reading through food but feed anyone with information that might be will shock your previous knowledge.
