Editorial Review

Review

"The book easily achieves its goals of providing a comprehensive overview of a variety of disease processes in a quick to read format. This is a good resource for the point-of-care learning that our current work environment requires."

-Tara Catanzano, MD (Baystate Medical Center) **Doody's Score: 93 - 4 Stars!**

"This is a sumptuous book of well over a 1,000 pages and with over 2,500 excellent illustrations. The ultrasound images are generally of very high quality. The book is beautifully produced and great care has gone into making the experience of using it enjoyable."

-Dr. Philip Shorvon, RAD Magazine (August, 2016)

Users Review

From reader reviews:

Eric Graves:
