Document Control By Denise E. Robitaille

A Simple Guide to Managing Documentation

They're supposed to be useful tools, but whether they're printouts, computer files, flowcharts, or forms, documents can often give more headaches than help. And yet without them, most organizations couldn't function. ISO 9001:2000 and other quality management systems place great emphasis on documents, and for good reason. Documents aren't individual, stand-alone elements of the management process. They're interrelated, formatted in different media, and controlled by various and distinct functions. Keeping critical information current and in the right hands requires more than just signing off on procedures. Document control is essential, but where should you begin?

By reading this book. Inside you'll find clear explanations about the document control process as well as practical solutions for creating, organizing, and maintaining documents, including:

- * A discussion of different kinds of documents, including electronic media and QMS requirements
- * Identifying and defining responsibility
- * Understanding the relationship between documents and records
- * Tips for document writers
- * Managing and maintaining documents
- * Issues of accessibility
- * Handling revisions and deviations
- * Writing document control procedures

Users Review

From reader reviews:

Isabel McNeal:

As people who live in typically the modest era should be update about what going on or details even knowledge to make these people keep up with the era which is always change and progress. Some of you maybe will update themselves by studying books. It is a good choice in your case but the problems coming to anyone is you don't know what kind you should start with. This Document Control is our recommendation to cause you to keep up with the world. Why, because this book serves what you want and need in this era.

Todd Voss:

Now a day individuals who Living in the era wherever everything reachable by connect to the internet and the resources within it can be true or not call for people to be aware of each data they get. How a lot more to be smart in obtaining any information nowadays? Of course the solution is reading a book. Reading through a book can help people out of this uncertainty Information specifically this Document Control book as this book offers you rich data and knowledge. Of course the data in this book hundred pct guarantees there is no doubt in it everbody knows.

Kevin Blais:

This Document Control is brand-new way for you who has interest to look for some information as it relief your hunger info. Getting deeper you onto it getting knowledge more you know otherwise you who still having small amount of digest in reading this Document Control can be the light food to suit your needs because the information inside this particular book is easy to get through anyone. These books produce itself in the form which can be reachable by anyone, that's why I mean in the e-book contact form. People who think that in e-book form make them feel drowsy even dizzy this e-book is the answer. So there is absolutely no in reading a book especially this one. You can find what you are looking for. It should be here for anyone. So , don't miss this! Just read this e-book type for your better life and knowledge.

Megan Jordan:

A number of people said that they feel uninterested when they reading a publication. They are directly felt it when they get a half portions of the book. You can choose often the book Document Control to make your current reading is interesting. Your own skill of reading expertise is developing when you similar to reading. Try to choose simple book to make you enjoy to learn it and mingle the opinion about book and looking at especially. It is to be first opinion for you to like to wide open a book and go through it. Beside that the publication Document Control can to be your friend when you're sense alone and confuse with the information must you're doing of this time.
