

Physics, 4th Edition, Vol.1

By David Halliday, Robert Resnick, Kenneth S. Krane

Physics, 4th Edition, Vol.1 By David Halliday, Robert Resnick, Kenneth S. Krane

Presents a complete, accurate and rigorous study of physics while bringing it forward into the '90s and beyond. The Fourth Edition of volumes 1 and 2 is concerned with mechanics and E&M/Optics. New features include: expanded coverage of classic physics topics, substantial increases in the number of in-text examples which reinforce text exposition, the latest pedagogical and technical advances in the field, numerical analysis, computer-generated graphics, computer projects and much more.

Editorial Review

From the Publisher

Presents a complete, accurate and rigorous study of physics while bringing it forward into the '90s and beyond. The Fourth Edition of volumes 1 and 2 is concerned with mechanics and E&M/Optics. New features include: expanded coverage of classic physics topics, substantial increases in the number of in-text examples which reinforce text exposition, the latest pedagogical and technical advances in the field, numerical analysis, computer-generated graphics, computer projects and much more.

Users Review

From reader reviews:

Jacob Keys:

Do you have favorite book? When you have, what is your favorite's book? Book is very important thing for us to understand everything in the world. Each book has different aim or perhaps goal; it means that guide has different type. Some people sense enjoy to spend their time to read a book. These are reading whatever they acquire because their hobby is usually reading a book. Why not the person who don't like reading a book? Sometime, man feel need book after they found difficult problem as well as exercise. Well, probably you will require this Physics, 4th Edition, Vol.1.

Curt Hall:

Have you spare time to get a day? What do you do when you have considerably more or little spare time? That's why, you can choose the suitable activity to get spend your time. Any person spent their spare time to take a walk, shopping, or went to typically the Mall. How about open as well as read a book called Physics, 4th Edition, Vol.1? Maybe it is to be best activity for you. You recognize beside you can spend your time with the favorite's book, you can wiser than before. Do you agree with it has the opinion or you have various other opinion?

Elizabeth Daugherty:

What do you in relation to book? It is not important together with you? Or just adding material when you need something to explain what the one you have problem? How about your time? Or are you busy individual? If you don't have spare time to do others business, it is gives you the sense of being bored faster. And you have free time? What did you do? Everyone has many questions above. They need to answer that question mainly because just their can do in which. It said that about reserve. Book is familiar on every person. Yes, it is appropriate. Because start from on jardín de infancia until university need this Physics, 4th Edition, Vol.1 to read.

Gilbert Phillips:

Guide is one of source of understanding. We can add our information from it. Not only for students but also native or citizen have to have book to know the up-date information of year to year. As we know those guides have many advantages. Beside many of us add our knowledge, could also bring us to around the world. By book Physics, 4th Edition, Vol.1 we can consider more advantage. Don't you to definitely be creative people? Being creative person must like to read a book. Just choose the best book that appropriate with your aim. Don't become doubt to change your life at this book Physics, 4th Edition, Vol.1. You can more appealing than now.
