Sanctuary By Nora Roberts

From #1 *New York Times* bestselling author Nora Roberts comes a seductive and suspenseful novel of dangerous liaisons and family betrayals...

Photographer Jo Ellen Hathaway thought she'd escaped the house called Sanctuary long ago. She'd spent her loneliest years there, after the sudden, unexplained disappearance of her mother. Yet the sprawling inn on an island off the Georgia coast continues to haunt her dreams. And now, even more haunting are the pictures someone is sending her: strange close-ups and candid, culminating in the most shocking portrait of all—a photo of her mother—naked, beautiful, and dead.

Now Jo must return to the island, and to her bitterly estranged family. With the help of Nathan Delaney—who was on the island the summer her mother disappeared—Jo hopes to learn the truth about the tragic past. But Sanctuary may be the most dangerous place of all.

Editorial Review

From Library Journal

There's no looking back for Roberts, who made the break to hardcover with the best-selling *Montana Sky* (LJ 2/1/96). Her latest tells of a young woman who finds danger and love when she returns to her childhood home.

Copyright 1996 Reed Business Information, Inc.

From [Booklist](#)

Following the success of *Montana Sky*, Roberts bases another story on the three siblings in that novel: Jo Ellen, Brian, and Lexy Hathaway of Sanctuary Inn, a B & B on Lost Desert Island, off the coast of Savannah, Georgia. Jo Ellen is a successful photographer who collapses under the mental anguish of seeing a picture in which her mother is young, beautiful, naked, and unmistakably dead. Her mother disappeared 20 years before, shattering a close-knit family. When the photo disappears while Jo Ellen is in the hospital, she returns to Sanctuary to recover her sanity and mend her relationships with Brian, the chef for the inn, and Lexy, an aspiring actress. The arrival of Nathan Delaney, whose family stayed on the island the summer her mother disappeared, further complicates Jo Ellen's life. Nathan wants Jo Ellen, but he is tormented by a secret that has lured a killer to Sanctuary and to Jo Ellen. Putnam has planned national publicity, including television ads; *Sanctuary* is also a Literary Guild and Doubleday Book Club main selection. Roberts has produced an engrossing novel to thrill her fans. Highly recommended. *Melanie Duncan*

From Kirkus Reviews

Roberts is the perfect perpetual-romance machine. She churns out an almost inhuman number each year; she meets an annual March deadline for her hardcovers (this one even has the same number of pages as last year's bestselling *Montana Sky*). And each is lively, sexy, and well researched. Her latest concerns three siblings (the Hathaways) who find lovers and strained relationships while a homicidal madman is threatening their safety. The three live in a beautiful white gothic on the Georgia Sea Island of Lost Desire, which they've turned into an inn. Brian, the eldest--tall, cute, and morose--runs the establishment and is chef of its five-star kitchen. (His father Sam can't understand how a man can ``enjoy creating a perfect meringue and still prefer women for sex.") Brian fights halfheartedly against the amorous advances of Kirby, the pretty Yankee doctor who runs the island's clinic; the two eventually end up locked in an embrace against her refrigerator door. Meanwhile, the youngest sib, Alexa Hathaway--sexy Lexy, the island princess with the gypsy hair--has failed at acting in New York and come home to waitress and throw a few tantrums. She fights halfheartedly against the honorable intentions of childhood buddy Giff Verdon, who's good with his hands and doesn't let her get away with much. Finally, there is Jo Ellen, a world-famous photographer who's returned to Desire after a nervous breakdown and is fighting a losing battle against empathic architect Nathan Delaney. Twenty years earlier, the Hathaways' mother, Annabelle, had disappeared, abandoning her family--or so it seemed. Now someone is stalking the family, having even sent Jo Ellen a picture of her mother, dead and naked. As usual, the romance is better than the weird violence. There's not much suspense here, but it's good to see that heroines are becoming gutsier and heroes better in the kitchen. (First printing of 250,000; Literary Guild main selection; \$250,000 ad/promo) -- *Copyright ©1997, Kirkus Associates, LP. All rights reserved.*

Users Review

From reader reviews:

Regina Noble:

Book is definitely written, printed, or highlighted for everything. You can recognize everything you want by a reserve. Book has a different type. As it is known to us that book is important thing to bring us around the world. Alongside that you can your reading proficiency was fluently. A guide Sanctuary will make you to possibly be smarter. You can feel considerably more confidence if you can know about every little thing. But some of you think this open or reading a book make you bored. It is not necessarily make you fun. Why they are often thought like that? Have you seeking best book or acceptable book with you?
