Shredderman: Secret Identity By Wendelin Van Draanen

Alvin Bixby: Hulking, knuckles of steel, hideous breath, foul temper. Kids call him: Bubba.

Nolan Byrd: Puny, power walker, math genius, can't keep shoes tied. Kids call him: Nerd.

Bubba has been the bane of Nolan's existence for five long years. So when Mr. Green asks the class to become reporters, Nolan decides he'll write an exposé—on Bubba. He doesn't want to sign his name to it (that'd be suicidal), so Nolan creates a secret identity for himself—on the Internet. He launches Shredderman.com as a place where truth and justice prevail—and bullies get what's coming to them.

This hilariously triumphant story is for any kid who's ever dreamed of unleashing their own inner superhero!

Editorial Review

Amazon.com Review

Fifth-grader Nolan Byrd has suffered at the hands of school bully Bubba Bixby for too long. Inspired by a class project, Nolan (a.k.a. "Byrd-the-Nerd") creates a "cyber-superhero" alter ego called Shredderman, and sets out to avenge himself and his fellow Bubba-sufferers. Our likeable but nerdy and put-upon protagonist spots his shot at redemption when Mr. Green (Nolan's pony-tailed teacher, a.k.a. "the Happy Hippie") assigns the class's monthly project: Students must create a newspaper page, complete with stories and photos, on a topic of their choice. In a flash, Nolan realizes he has the perfect subject: "I had an idea that would make Bubba Bixby sorry he'd ever called us names. Or swiped our stuff. Or breathed his trashy breath down our throats. I'd do my report on Bubba Bixby!" Shortly thereafter Shredderman is born, and Nolan springs into action, armed with a computer, a cleverly concealed digital camera, and his own top-secret Web page, Shredderman.com, "where truth and justice prevail!"

Wendelin Van Draanen, author of *How I Survived Being a Girl*, and the super-cool Sammy Keyes mysteries series, has all sorts of fun here, taking a traditional bully-comeuppance tale and adding some high-tech cyber twists. Her descriptions prove as playful as ever, "Bubba Bixby's got rocky knuckles. And killer breath;" and her goofy cast is made even more memorable by the lively work of first-time kids' book illustrator Brian Biggs. (Ages 9 to 12) --*Paul Hughes*

From School Library Journal

Grade 3-6-A new series featuring a puny but brainy fifth grader named Nolan Byrd, whose dorky ways earn him the nickname of "Nerd" from Bubba Bixby, a seemingly unstoppable bully who cheats, lies, steals, and terrorizes little kids. Tired of Bubba's relentless tormenting, Nolan anonymously launches shredderman.com, an online forum that chronicles the bully's transgressions. The name Shredderman is inspired by the compliment Nolan's math teacher writes on a quiz, "You shred, man!" Readers will be impressed with the protagonist's ingenious problem-solving abilities and his adept use of technology to expose Bubba. This entertaining story of an egghead who cannot keep his shoes tied who uses his brains to triumph over the worst bully in school will keep even reluctant readers laughing and wanting more stories about this cyber superhero. Droll, black-and-white cartoons are a perfect accompaniment to the clever text.

Starred Review Gr. 3-5. Thought it wasn't possible to put a fresh spin on the meathead-versus-nerd story line? The author of the popular Sammy Keyes mysteries proves otherwise with the debut of a hilarious new series. Meet Nolan, a brainy fifth-grader whose socially awkward habits (dorky "power walking," wearing his socks outside his pants) have earned him the nickname "Nerd" from bully Bubba Bixby. Fed up with Bubba and inspired by his hippie teacher's jotted compliment on a math quiz ("You shred, man!"), Nolan anonymously launches shredderman.com, a forum devoted to exposing Bubba's misdeeds. Van Draanen handles the technological elements with confidence, describing the process of launching a Web site in the breathless voice of an egghead whose deepest enthusiasms have been engaged, and her readers will relish the gadgetry and ingenious problem solving. They'll also connect to the story of a grade-school outsider whose triumphs in cyberspace boost his confidence in the bricks-and-mortar world. "Wa-hoo!" for Shredderman, and kudos to Van Draanen for delivering a character-driven series that's spot-on for middle-graders and great for reluctant readers, especially boys. Four more visits with Nolan and his alter ego, all featuring pitch-perfect illustrations, are planned. *Jennifer Mattson*

Users Review

From reader reviews:

Emile Guzman:

The book Shredderman: Secret Identity can give more knowledge and information about everything you want. So why must we leave the good thing like a book Shredderman: Secret Identity? Several of you have a different opinion about book. But one aim this book can give many information for us. It is absolutely proper. Right now, try to closer along with your book. Knowledge or info that you take for that, you may give for each other; you may share all of these. Book Shredderman: Secret Identity has simple shape however, you know: it has great and big function for you. You can search the enormous world by open and read a e-book. So it is very wonderful.

Edith Ward:
