Would You Teach a Fish to Climb a Tree? By Anne Maxwell, Gary M. Douglas, Dain Heer

Would You Teach a Fish to Climb a Tree? A Different Take on Kids with ADD, ADHD, OCD and Autism provides us with a refreshing and new perspective on these children who are so different from their peers. Co-authored by three practitioners who have had remarkable success working with them, this book is filled with practical tools, stories, observations, and life changing questions that can be used by anyone who has one of these kids in their life and who is looking for something different.

These children are magical and you are sure to fall in love with many of them. There are many magical adults as well ... those who are willing to step beyond what so many experts in the field advocate, into what they actually know to be effective with the children. Parents and siblings and relatives; teachers and therapists and administrators; peers and loved ones and friends ... all will benefit from this groundbreaking book.

Editorial Review

Users Review

From reader reviews:

Tamera Duckett:

Have you spare time to get a day? What do you do when you have a lot more or little spare time? Sure, you can choose the suitable activity with regard to spend your time. Any person spent their very own spare time to take a walk, shopping, or went to often the Mall. How about open or read a book titled Would You Teach a Fish to Climb a Tree?? Maybe it is for being best activity for you. You recognize beside you can spend your time together with your favorite's book, you can cleverer than before. Do you agree with their opinion or you have different opinion?

Matthew Siller:

What do you concerning book? It is not important along with you? Or just adding material when you need something to explain what you problem? How about your time? Or are you busy man? If you don't have spare time to perform others business, it is make you feel bored faster. And you have time? What did you do? Everyone has many questions above. They must answer that question since just their can do that. It said that about e-book. Book is familiar on every person. Yes, it is proper. Because start from on jardín de infancia until university need this kind of Would You Teach a Fish to Climb a Tree? to read.

William Sanders:

Does one one of the book lovers? If so, do you ever feeling doubt if you are in the book store? Aim to pick one book that you just dont know the inside because don't evaluate book by its include may doesn't work here is difficult job because you are scared that the inside maybe not because fantastic as in the outside appear likes. Maybe you answer might be Would You Teach a Fish to Climb a Tree? why because the excellent cover that make you consider regarding the content will not disappoint a person. The inside or content is fantastic as the outside or maybe cover. Your reading sixth sense will directly show you to pick up this book.

Robin Lawrence:

As a scholar exactly feel bored in order to reading. If their teacher inquired them to go to the library as well as to make summary for some e-book, they are complained. Just tiny students that has reading's heart or real their passion. They just do what the teacher want, like asked to go to the library. They go to there but nothing reading critically. Any students feel that reading through is not important, boring and can't see colorful images on there. Yeah, it is to get complicated. Book is very important in your case. As we know that on this

period of time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this Would You Teach a Fish to Climb a Tree? can make you really feel more interested to read.
