## Yoga for Sports: A Journey Towards Health and Healing By B K S Iyengar

It is a well-known fact that athletes are prone to injuries worse still, recurring injuries. Many competitive athletes suffer from what is known as overuse syndrome . Sportspersons who perform repetitive movements often end up with tight, overused muscles that become vulnerable to pulls and sprains, and underused muscles that progressively get weaker. It is this classic syndrome that countless athletes experience at various points in their careers. In a life spanning over eight decades, Yogacharya BKS Iyengar has taught several sportspersons, right from Professor DB Deodhar, the grand old man of Indian cricket, to the willow-and-wicket genius, Sachin Tendulkar, the finer points of yoga. Yoga For Sports shows how yoga can train the mind and body and help sportspeople become more agile, stronger and focused. Yoga is based on the principle of integrating the body as a whole and shifts the emphasis to the quality of the movement. With precise discussion on the human anatomy and detailed techniques for performing over 100 asanas and pranayama; with asana modifications, props and specific sequences for varying body and mind conditions, this book views a sportsperson s well-being from a holistic point of view. Anyone, from any walk of life can dip into this book and find something of value that they can use to enhance and enrich the quality of their health and well-being.

### **Editorial Review**

#### **About the Author**

BKS Iyengar was the world's most formidable authority on yoga. He has been responsible for introducing yoga to the western world and making it the phenomenon that it is today. He is the author of over 20 books on yoga, with his seminal *Light on Yoga* still a masterpiece even after five decades and twenty translations. His eighty plus years of teaching experience has been put down in this book for all to benefit from the subject. It can be considered as one of his most exhaustive practicals book after *Light on Yoga* and *Light on Pranayama*.

### **Users Review**

#### **From reader reviews:**

##### **Owen Ray:**

What do you in relation to book? It is not important along? Or just adding material if you want something to explain what the ones you have problem? How about your time? Or are you busy man?
