## Serendipity By Carly Phillips

Dear Readers,

Welcome to SERENDIPITY!

SERENDIPITY is a new contemporary romance series in the more heartfelt style I developed in novels like CROSS MY HEART and SEALED WITH A KISS. I will be introducing you to the town of Serendipity, its landmark Harrington Mansion, and a vibrant cast of characters from both sides of the tracks. Like any other town, Serendipity has its secrets, scandals, pain, heartache and love, but there is also an implied promise of fortune and good luck, along with people at changes and crossroads in their lives.

First up, Ethan Barron, the bad boy who has come home to make good and Faith Harrington, the girl who got away. Next is Nash Barron in Destiny (1/12) and Dare Barron in Karma (5/12).

I hope you'll take this new journey with me!  
Happy Reading,  
Carly Phillips

### Editorial Review

Amazon.com Review

**Susan Mallery Reviews *Serendipity***

Susan Mallery is the author of the *New York Times* best-selling series of Fool's Gold romances, including *Only Mine*, *Only Yours*, and *Only His*.

What I love most about contemporary romance is the fact that, at its best, the characters could live next door, be my best friend, and the girl always gets the guy. *Serendipity* is a funny, sexy story with exactly the right mix of sass and heart.

Faith Harrington is back in *Serendipity* with something to prove and a life to fix. Circumstances haven't been exactly kind, and Faith herself is a bit to blame. She's smart, she's willing to take responsibility for what she did wrong and she's facing down those who want to call her out on who she was and what her father did to the town.

Ethan Barron is one yummy hero. A reformed bad boy with a couple of brothers who want nothing to do with him and a whole lot of people willing to assume the worst. If it sounds like a fun ride, it is. There are wonderful secondary characters, and the promise for more books to come. I think the other Barron brothers are going to be as toe-curling as Ethan and I can't wait for the next installment in the series.

--Susan Mallery

### Users Review

**From reader reviews:**

**Robert Stewart:**

Reading a book tends to be new life style in this era globalization. With studying you can get a lot of information that can give you benefit in your life. Along with book everyone in this world can certainly share their idea. Books can also inspire a lot of people. A lot of author can inspire their reader with their story as well as their experience. Not only the storyline that share in the textbooks. But also they write about the knowledge about something that you need instance. How to get the good score toefl, or how to teach your children, there are many kinds of book that you can get now. The authors nowadays always try to improve their expertise in writing, they also doing some exploration before they write on their book. One of them is

this Serendipity.

**Mark Maney:**

Is it a person who having spare time subsequently spend it whole day through watching television programs or just lying down on the bed? Do you need something totally new? This Serendipity can be the answer, oh how comes? A book you know. You are and so out of date, spending your spare time by reading in this new era is common not a geek activity. So what these ebooks have than the others?

**James Bergeron:**

E-book is one of source of knowledge. We can add our understanding from it. Not only for students but additionally native or citizen need book to know the change information of year to help year. As we know those ebooks have many advantages. Beside all of us add our knowledge, can also bring us to around the world. By the book Serendipity we can have more advantage. Don't someone to be creative people? To become creative person must want to read a book. Only choose the best book that suited with your aim. Don't always be doubt to change your life at this time book Serendipity. You can more appealing than now.

**Helen Tate:**

A lot of people said that they feel bored when they reading a publication. They are directly felt it when they get a half elements of the book. You can choose the book Serendipity to make your own reading is interesting. Your personal skill of reading proficiency is developing when you like reading. Try to choose basic book to make you enjoy to read it and mingle the opinion about book and looking at especially. It is to be initial opinion for you to like to start a book and go through it. Beside that the reserve Serendipity can to be your friend when you're feel alone and confuse with the information must you're doing of these time.
